

2049 BC - Seahenge  
1600 BC - 71400 BC (Hendaxe) SEAHENGE

120 mi northwest of London  
near Hunston (Norfolk Co England)

Huge upside down tree trunk  
Posts lined up in a circle. The press  
soon dubbed this SEAHENGE

Preserved for 4000 yrs  $\pm$  under a  
layer of peat moss. Is the only  
Bronze Age timber ritual  
structure to be found intact  
The wood (well preserved) was

to a nearby lat for preservation. Has been dated at 2049 BC. Naltes was cut into trunk of the giant oak stump (by ancient) Rope fragments (for moving) were still in place - made of HONEYSUCKLE. The timbers stood tight to one another like a palisade, with no apparent doorway or marks; some 38 different axes that had been used to hew the timbers.

It had been built some distance inland.
